Are there any other requirements the Road Foreman is requesting? \_\_\_\_\_

\_\_\_\_\_

Please state the advantages and disadvantages of the petitioning party as to the opening of this road:

\_\_\_\_\_

\_\_\_\_\_

Please state the advantages and disadvantages to the public of the proposed road:

\_\_\_\_\_

\_\_\_\_\_

Please state the number of owners along the roadway: (must have no less than 3 habitable and occupied residences no less frequently per each one-quarter mile) \_\_\_\_\_

Please state the grades and bearings of the proposed road: \_\_\_\_\_

Please state any additional facts and circumstances which you believe may assist the Fiscal Court in determining whether the road should be established:

\_\_\_\_\_

\_\_\_\_\_

Please state whether it will be necessary for the County to take any burying ground, garden, yard, orchard or any part thereof:

\_\_\_\_\_

\_\_\_\_\_

Please state whether there will be any injury or destruction to any buildings:

---

---

Please state the proposed cost to the County of any work to be performed on the road:

---

---

Please state whether any landowners property would have to be taken as a result of this roadway and any potential compensation to those landowners:

---

---

---

Please state whether all of the abutting landowners have consented to the proposed road and the landowners names:

---

---

If an abutting landowner has not consented to the proposed road, please state the reasons why the landowner has not:

---

---

Please state whether the Road Engineer and the Road Supervisors prefer or do not prefer the establishment of the proposed road:

---

**Please provide a map of the grade and bearings of the route and location of the proposed road**

\*\*\*You as examiners and the Road Engineer are to examine the routes and locations of the current county roads, keeping in mind the view of possible future developments and the accommodations of the general public when considering the value, the advantages and disadvantages, and recommendations of the proposed road. The proposed road has to been 40 feet in width prior to any recommendation without first obtaining Court approval.
